Ausdauerprüfung - AD

The Ausdauerprüfung, or AD, is not a training degree but is for show and breed requirements. The AD demonstrates that the dog is physically able to endure a certain amount of physical stress without showing significant fatigue. Given the physical structure of the dog, this condition can best be shown through running, which challenges the heart and lungs as well as the rest of the body. Other characteristics such as spirit and hardiness must be present. Successful demonstration of this test will provide proof that the desired physical and mental characteristics are present in a healthy dog.

The test should preferably be run on streets or roads of varied terrain such as asphalt or dirt. The handler will accompany the dog only on a bicycle. The dogs will run a total of 20 km (approximately 12.5 miles) at an average speed of 12 to 15 km per hour (7.7 to 9.5 mph). The dog must be kept on leash on the RIGHT hand side of the handler and move in a normal trot next to the bicycle. The AD is not a race and overly fast running is to be avoided. The leash must be sufficient in length to allow the dog to adjust to changes in speed. Slight pulling or forging is not faulty but continually falling behind is faulty. There will be three 15 minute rest periods: one at 8 km (5 miles), 15 km (9.4 miles) and at the completion of the test. During the rest periods, the judge will examine the dogs for fatigue. Dogs that appear to be overly tired or show signs of sore or damaged paw pads will be excused. At the end of the test, after the last rest period, the dogs will be required to perform a short heeling routine (on or off lead) at the judge's request, in order for the judge to verify the psychological condition of the dogs. The exercises performed are at the discretion of the judge.

At the start of the test, the handler will report to the judge with the dog in the heel position. At that time the USRC scorebook and registration papers should be presented. The judge and the show secretary will verify that the dogs are in good condition.

The AD is a pass/fail test. No awards or points are given. Only dogs that pass will be given the AD certification.

AD Entry Requirements

- The dog must be at least 16 months old before it is tested and the maximum permissible age is 6 years.
- A maximum of 20 dogs are permitted to enter per judge.
- Sick dogs, weak dogs, bitches in heat, bitches in whelp and nursing bitches are prohibited from participating.
- All decisions made by the judge are final

*****Enter and pay online at www.sparkrotts.com*****

**Original documents must be available at the show for inspection prior to the BST*

***The USRC Registration Certificate may be accepted as proof of titles earned and hip certification provided the required information appears on the registration certificate*

Canine Good Citizen Test

Started in 1989, the American Kennel Club Canine Good Citizen is a certification program that is designed to reward dogs who have good manners at home and in the community. The Canine Good Citizen Program is a two-part program that stresses responsible pet ownership for owners and basic good manners for dogs. All dogs who pass the 10-step CGC test may receive a certificate from the American Kennel Club.

Many dog owners choose Canine Good Citizen training as the first step in training their dogs. As owners work with their dogs to teach the CGC skills, they discover the many benefits and joys of training their dog. Dogs who have a solid obedience education are a joy to live with—they respond well to household routines, have good manners in the presence of people and other dogs, and they fully enjoy the company of the owner who took the time to provide training, intellectual stimulation, and a high quality life.

Many other countries (including England, Australia, Japan, Hungary, Denmark, Sweden, Canada, and Finland) have developed CGC programs based on the AKC's CGC Program. A CGC Neighborhood Model has been established, police and animal control agencies use CGC for dealing with dog problems in communities, some therapy dog groups use the CGC as a partial screening tool, and some 4-H groups around the country have been using the CGC as a beginning dog training program for children. Veterinarians have recognized the benefits of well-trained dogs and there are some CGC programs in place in veterinary hospitals. State legislatures began recognizing the CGC program as a means of advocating responsible dog ownership and 22 states now have Canine Good Citizen resolutions.

Who Can Participate?

All dogs, including both purebred and mixed breed dogs are welcome to participate in the AKC's Canine Good Citizen® (CGC) Program. Dogs must be old enough to have received necessary immunizations such as rabies vaccines.

Owners will sign the Responsible Dog Owners Pledge attesting to having the dog under the routine care of a veterinarian who will work with the owner to determine an appropriate plan and schedule for vaccines and other health care procedures.

There is no age limit for the CGC test. A dog is never too old to be a good citizen. Puppies who have completed all immunizations and boosters may be tested, however, because we know that behavior and temperament can change over time, when puppies pass the CGC test, owners should have them re-tested as adults

A Friendly Reminder

As we are all painfully aware, the number of hotels that are willing to accommodate any dogs/dog events are growing smaller and smaller.

In order that we may retain this establishment for future shows, we respectfully ask show attendees to refrain from bathing their dogs in hotel rooms, using the hotel towels on your dogs and doing any type of protection work in or on the hotel grounds.

Please be courteous to other guests who are staying in the hotel and park vehicles holding dogs and/or trailers towards the REAR of the hotel.

Please do not loiter in the parking lot into the wee hours...there is a bar inside the hotel where you may socialize!

Please crate any dogs staying in your hotel room. Loose dogs cause damage and damage costs us our hotels.

Please pick up after your dogs so that other people walking their dogs track a mess in on their shoes.

We thank you for your kind adherence to the to these policies.
